HD Polymer Wheel Stop

Polite Security Products

Product Description

Polite Security Products offers two HD polymer car stop options, in grey or in a highly visible yellow. Each car stop weighs only 17kg which greatly minimises freight costs and allows for a more flexible and less intensive installation process.

Both products are made from recycled polymer and comply with the latest Australian Standard AS/NZ 2890.1 2004.

Suitable surfaces:

- ☒ Concrete ☒ Asphalt

Suitable installation locations:

- ☒ Indoor ☒ Outdoor

- KERB PSS-159
